Curriculum Notices:

Woodley Primary School have also just been able to provide access for parents and pupils to an educational online resource called Espresso. This website is used daily in our school to teach the children all areas of learning. It includes high quality phonics, videos, games and topics such as the Romans, Greeks, Egyptians and many more. Please follow the instructions in the attached letter to gain access at home.

Topic Webs - Curriculum - Topic Webs for parents and children can now be viewed on the school website within the topics and planning page under the curriculum tab. These documents are to give you an idea of the types of activities your children are doing in school. Going forward, they will be available on the website at the start of each term.

Maths Calculation Policies

Also now available on the school website are the following:

Our School Calculation Policy – how we approach teaching the concepts within mathematics.

The methods of arithmetic we use for our school Addition, Subtraction, Multiplication and Division Methods.

All can be found also on the Curriculum tab under “How we teach Maths”.

Safeguarding and Health and Safety Notices:

The children's safety is our highest priority and we ensure that our procedures are carefully considered and implemented with this priority at the forefront. Therefore, we would like to remind you that the gates to the playground open at 8.35am in the morning, however children should be supervised by parents/carers until 8.40am. It is at this point only that they become our responsibility and we are not able to take responsibility for children who are left unsupervised on the school site before this time. It is very important that children are not dropped off at school before 8.40 in the morning to ensure that they remain safe.

If, on an isolated occasion, you need some help with supervision prior to this time in the morning, please call into the office with a request and we will do our best to help you. We operate the Airfield Breakfast Club which opens at 7.45am every day for parents who require regular help with child care.

Continuing with safety in mind, please can we remind children that they are not allowed to ride their scooters or bikes on site including the junior playground after school. Your support with this safety procedure is very much appreciated.
